

• Firmware 2.07SG - How to login to router menu interface and upgrade firmware

Step 1: Open an Internet browser (such as Internet Explorer or FireFox) and enter http://192.168.0.1 into the address bar.

Step 2: Please enter router's login password

If you have not set your own router login password, please leave it BLANK or use the wireless password stated on the label below the router.
